PLEXFORM INCORPORATED

RETURNABLE PACKAGING | MECHANICAL ENGINEERING

About us

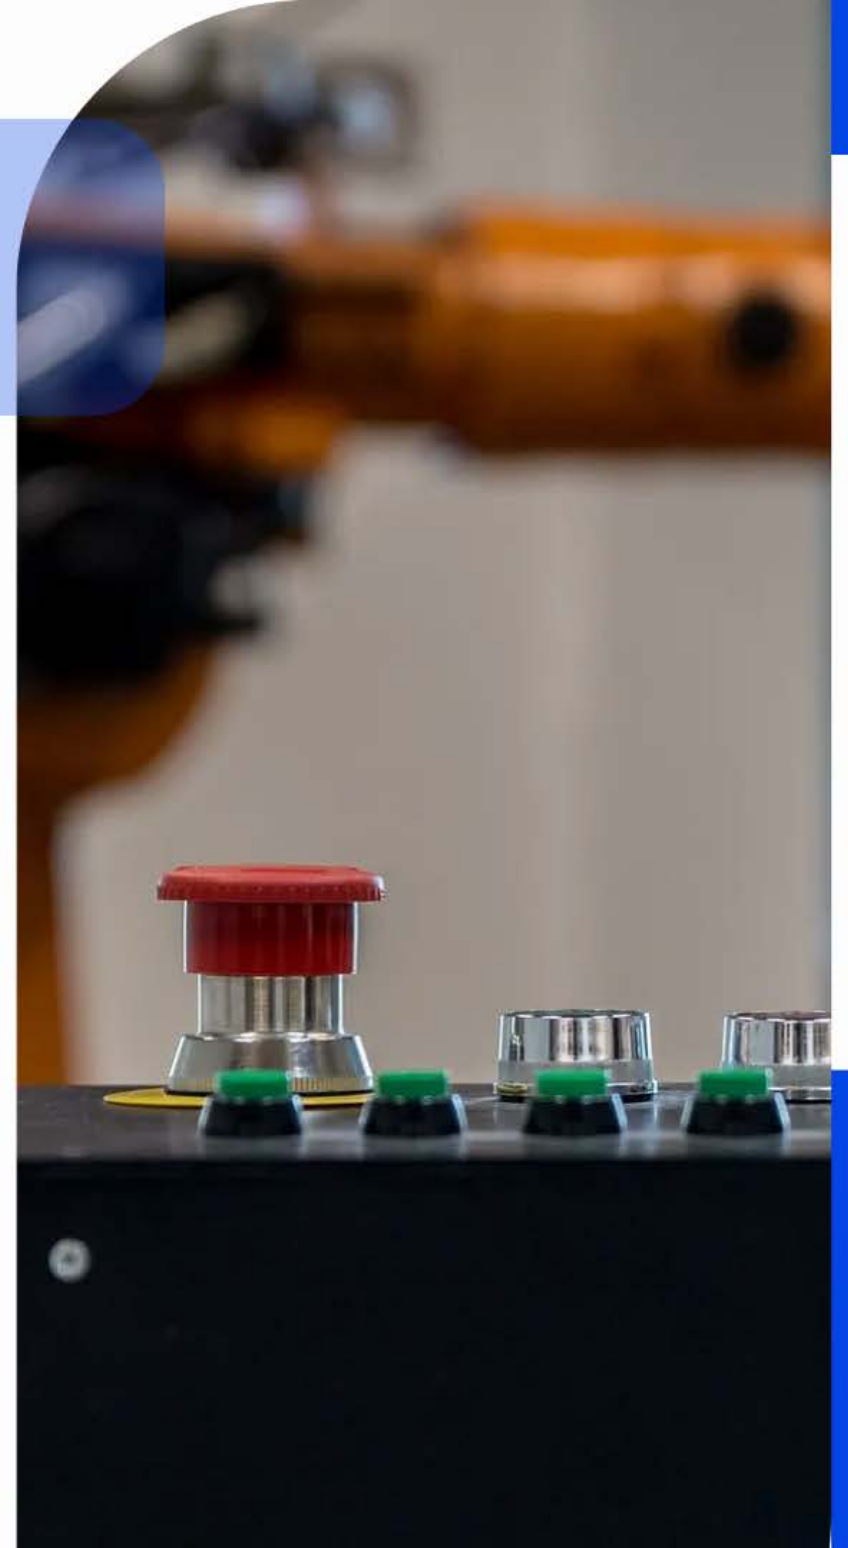

Plexform Incorporated is split into 2 divisions: Plexform Packaging and Plexform Mechanical. Both teams are equipped with over 50 years of experience combined and deliver premium results for our valued customers.

Plexform Packaging Division

Plexform Packaging specializes in automotive returnable packaging and material handling solutions such as custom steel bins and racks and interior bulk bin/tote dunnage. Our design engineering team are fully capable of developing superior solutions to any complex problems and we build all designs with the highest quality.

Plexform Mechanical Division

Plexform Mechanical specializes in mechanical engineering solutions such as end of arm tooling, conveyors, robotic welding cells and much more! Our mission is to enhance precision, increase efficiency, and reduce downtime for manufacturing.

SERVICES

1 DESIGN ENGINEERING

- Custom returnable packaging designs
- Custom steel rack and cart designs
- Automation design engineering
- Finite element analysis
- Engineering prints

2 PROGRAM MANAGING

- Strategically analyze and plan an efficient production process at a cost-effective rate
- All projects are managed with precise timing for optimal delivery

3 MANUFACTURING

- 10,000+ sq. ft. manufacturing facility
- 7 acres of indoor & outdoor storage
- Equipped with leading technology for your packaging or mechanical needs

EQUIPPED WITH LEADING TECHNOLOGY

- Fiber laser cutting / plasma cutting
- CNC turret punches
- Automated stamping presses
- Custom tool room
- Roll forming

Fabrication can be built at a rate to suit your requirements:

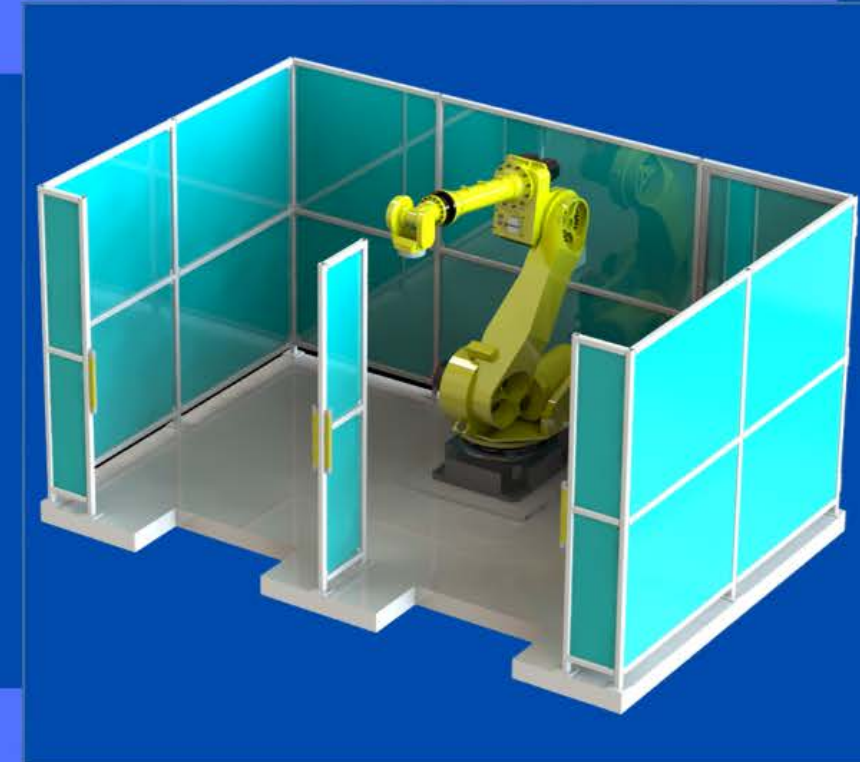

- 250 standard baskets
- 200 custom shipping containers
- 200 rack repairs
- 50 custom racks

CAPABILITIES

- AUTOMOTIVE SHIPPING RACKS
- DESIGN ENGINEERING
- REPAIRS & MODIFICATIONS
- FABRICATION & MASS PRODUCTION

- CUSTOM & STANDARD CONTAINERS
- CARTS & DOLLIES
- CORRUGATED BINS
- SHELVING & FENCING

- AUTOMATION ENGINEERING
- MECHANICAL DESIGN
- FINITE ELEMENT ANALYSIS
- METAL FABRICATION
- ROBOTIC FEATURES
